If Diagnosed With Covid-19

Pharmacist Typed this:

This is what she did for her parents who tested positive last month.
Everything here is Over the Counter.

Do this for a week or two:

Vitamin D3, 50,000 IU, for 3 days then go down to 10,000 IU daily
(Note Purchase bottle of 10,000 and take 5 pills daily the first 3 days)

Vitamin C 1,000 mg every 3-4 hours,
till bowel intolerance (diarrhea),

Then cut back to perhaps every 8 hours or more so the diarrhea ends.

Quercetin, 250-500 mg

Zinc, 75-100 mg daily

Famotidine daily, 20 mg

Melatonin 10 mg every 3-4 hours

Aspirin 81 mg/day

Jim's Rant For The Day. Make Yourself Medically Immune to Covid-19

After listening to Dr. Karen Kingston, the patent reading Pharmacist, my Pharmacist Daughter-In-Law has added NAC to our extended family daily, over the counter medications.

See: [Unvaxed at Risk from Vaxed in Coming Dark Winter – Karen Kingston](#)

There are three options for you:

**The Cheapest entry (Cost 8 Cents Daily)
Vitamin D3 only**

**The Middle entry (Cost 58 Cents Daily)
All medications except NAC**

**The Best Entry (Cost \$1.08 Daily)
All Medications including NAC**

Note: NAC is for extra protection for the new “Variants” shedding from Vaxed persons. It will also help the Vaxed persons rid themselves of some of the toxins from the Vax.

Quit playing their game by checking out of it.
